Catálogo  
Catalogue

O nosso catálogo MODERN, consiste numa coletânea de produtos modernos cuidadosamente desenhados e desenvolvidos ao longo dos anos e fabricados à mão pelos nossos experientes artesãos.

Enquanto que as fundações da nossa empresa foram construídas sobre uma influência e estilo clássico uma nova abordagem floresceu. Novas técnicas, materiais e processos, aliados à herança clássica, guiou-nos a um *design* eclético, resultando em peças modernas que se enquadram numa multitude de estilos de *design* de interiores onde o conforto, sofisticação e autenticidade triunfam.

Do nosso catálogo até ao seu projeto, dimensões, materiais e tecidos podem ser adaptadas às suas especificações. Também, soluções sob medida podem ser produzidas conforme as necessidades específicas do projeto.

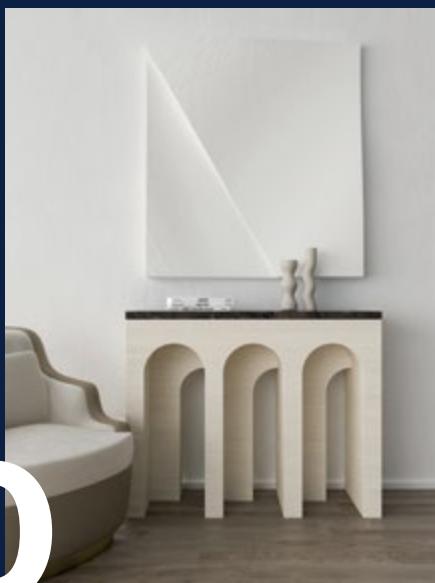

Our MODERN catalogue consists of a compilation of modern products, carefully designed and developed through the years and are handmade by our skilled craftsmen.

While our company foundations were built on a classic style and influence, a new approach grew within. New techniques, materials and processes, allied to our classic heritage lead us to an eclectic design, resulting in modern furnishings that fit in a multitude of interior design styles where comfort, sophistication and authenticity triumph.

From our catalogue to your project, dimensions, materials and fabrics can be tailored to your specifications. Also, bespoke solutions can be manufactured according to the specific needs of the project.

“Para qualquer peça de estofado, o conforto é chave, tem de haver uma relação simbiótica entre fisicalidade e emoção. Visualmente uma peça de estofado tem de se sentir confortável e fisicamente tem de ser confortável. Além de que, os tecidos devem trazer uma sensação textural e acolhedora à peça.”

“For any seating piece, comfort is key, there has to be a symbiotic relationship between physicality and emotion. Visually an upholstered piece needs to feel comfortable and physically it needs to be comfortable. Furthermore, the fabrics should give a sense of warmth and texture to the piece.”
