

CYLINDER Black projector LED 24W 3000K 20°

Ref. 010600902

CYLINDER is a track projector with a cylindrical structure and compact design. The projectors distribute light to where it is most needed, since they can be directed to emphasise certain elements or can distribute the light uniformly. With a colour temperature of 3000K, this projector allows warm, comfortable atmospheres to be created. The 20° version is ideal for use as accent lighting in shop windows, shopfronts, restaurants or hotels, and also in exhibition rooms or museums.

Specifications
