Durante más de 60 años, de los talleres de Pedret Lighting (Barcelona) han salido excepcionales lámparas de fundición elaboradas por algunos de los mejores artesanos del metal.

Cada elemento, cada proceso, desde la fundición de los lingotes a su pulido, mecanizado, baño y montaje, se realizan con cuidado y destreza, conscientes que cada detalle, alberga el secreto de una obra excepcional.

Desde los inicios, la exigencia por la calidad y la mejora

continua de los productos y procesos, nos ha llevado a trabajar con destacados profesionales del sector, creando equipos eficientes para la consecución de nuevos retos. Una experiencia de más de sesenta años que la empresa pone a disposición de arquitectos y decoradores para la elaboración de proyectos especiales.

Hoteles, restaurantes, pubs, hogares, fantásticos rincones dispersos por todo el mundo, pues desde sus inicios, su vocación internacional les ha

permitido equipar interiores de los cinco continentes.

Diseñadores y arquitectos han colaborado en los últimos años con la empresa, entre ellos, guardamos un recuerdo especial por Rafel Marquina, de quién aprendimos el sutil equilibrio existente entre la belleza y la funcionalidad.

Seguir aprendiendo de este noble oficio y ponerlo de nuevo en valor es el reto de esta pequeña empresa familiar; conscientes de la responsabilidad de llevar nuestro excepcional legado a una nueva generación.

For more than 60 years, the Pedret Lighting (Barcelona) workshop has been producing exceptional cast brass lamps made by some of the best artisans working with metal.

Each element, each process, from the melting of ingots to polishing, mechanising, dipping and assembling, is produced painstakingly and skilfully, aware that each detail holds the secret of an exceptional work.

Right from the start, the requirements of quality and ongoing improvement for its products and processes have

led it to work with outstanding industry professionals, creating efficient teams to meet new challenges. More than sixty years experience that the company places at the disposal of architects and decorators for the creation of special projects.

Hotels, restaurants, pubs, homes, fabulous corners spread around the world, given that right from its launch its international vocation has allowed it to equip interiors in all five continents.

In recent years, designers and architects have collaborated

with the company, among them we would like to have a special mention to the architect and designer Rafel Marquina, who we learned the subtle balance between beauty and functionality.

To continue learning this noble craft and to enhance its value, is the challenge for this small family company, which is well aware of the responsibility of handing down our exceptional legacy to a new generation.
