

GINGER & JAGGER

Ginger breathes deeply. She's just climbed a mountain.

She's never felt air this pure. The view of the forest is breathtaking. The river seems even more commanding from above. The world now seems so small. Ginger smiles.

She's found her freedom again.

Jagger reads Ginger's letter. She doesn't send pictures of the places she writes about. She doesn't have to. Her words are so vivid, so entrancing. Jagger doesn't write back. He wouldn't know where to send them to. Instead, he designs. His creations are unravelled by her travels, by his memory of her. He hopes she smiles

when she sees them. They are dedicated to her.

These are his love letters.

GINGER  JAGGER

Launched in Europe in 2012, Ginger & Jagger is a product design brand that prides itself on creating handcrafted high-end contemporary products inspired by Nature.

Designed and produced in Porto, land of craftsmen and age-old tradition, Ginger & Jagger's Earth to Earth collection is an evocative poetic realm, where Nature's sculptural shapes are eternalized through handcraft, with unique artisanal techniques and an outstanding blend of superb materials such as brass, copper, exotic woods and marble.

Ginger & Jagger is for the aesthetes, the rebels, the travellers and the lovers. Ginger & Jagger motif is infusing a living space with the thrill of wanderlust, bringing you the pureness of Nature, the origins of the world, its wildness and the wilderness.

Nature has a way of inspiring creativity.

How far would you go for inspiration?

The Gravity Console stands in a delicate equilibrium between function and sculpture.

Gravity | Marble Console

New Designs

Pulled by the invisible force that connects space and matter, holding the universe together, the Gravity is crafted in marble with a unique ripple effect carved directly in the stone.

Gravity | Lacquer Console

New Designs

The Gravity Console stands in a delicate equilibrium between function and sculpture. Pulled by the invisible force that connects space and matter, holding the universe together, the Gravity is crafted in lacquer with a unique ripple effect.

Air | Side Tables

New Designs

The Air Side Tables pay tribute to the invisible foundations of life on Earth. Standing on rosebush branches in molded in brass casting, the top seemingly floats, as if suspended in the air. Their weightless feel makes them purposefully atmospheric for living spaces in need of lightness.

Saturn | Table Lamp

New Designs

The stone sections of the Saturn Table Lamp are layered upon each other, yielding a foundation for a beacon of light diffused by a stylized lampshade. The Saturn is a study on the structural and the material, transformed into a truly functional form.

Magma | Table Lamp

New Designs

Ascending through the mantle of the Earth, molten magma becomes colder, and forms rocks that are testaments to its living core. The Magma Table Lamp provides a poetical meditation on these elements, with its carefully layered composition. The geometrical foundation, in stone, serves as a base for a magma rock molded in brass casting. The light is framed by stylized fabric abat-jour.

The structure is molded in brass casting from magnolia tree branches, providing function to its natural form.

The softness of the marble and the ruggedness of the textured brass are a testament of Nature's paradox: complex, yet simple.

The totems for the gathering of people, for eating, drinking and sharing the gift of company. They convey a sense of lightness of being to a living space.

Mirrors

Ginger & Jagger's mirrors have a sculptural scale, elevating their presence in a living space, becoming the ultimate artisanal pieces.

Vine | Singular Mirror

Framing the beholder in a crown of vine branches, the Vine mirror is the ultimate artisanal piece. The four arches that form the frame are handmade from vine branches, molded in brass casting, found in the Douro Valley, home of the unique Port Wine.

Solstice | Limited Edition Mirror

The Solstice Mirror captures an ethereal moment of alignment, a fraction of time when the Sun shines the brightest, and the longest. Evocative, detached from unnecessary complexity, the Solstice is in essence a celebration all the everlasting elements that surround us - time, matter, light - and of oneself, reflected.

Limited Edition of 60 units, numbered and signed by Paula Sousa,

Ginger & Jagger's Founder and Creative Director.

Lighting

The intersections between light and shadow, stone and metal, are the quintessence of Ginger & Jagger's canon. Lighting sculptures with handcrafted metal and marble with a tactile element..

Pearl | Wall Lamp

The Pearl Wall Lamp is a poetic handcrafted tribute to Nature's mysterious ways. The piece, made in marble and metal, represents one of its quintessential attributes - serendipity. The magnificence of pearls, when produced naturally by oysters, is as breathtaking and it is exquisitely rare. The Pearl Wall Lamp's marble shape is carved by hand, making each piece, much like a natural pearl, an absolutely unique sculpture.

Brass Casting & Metalsmithing

The designers and artisans select raw materials from Nature, such as branches from rosebushes, vines, and fig trees, leaves and bark.

The brass casting process is made with sand, fire and brass. The melted brass fills the shapes and textures left on the sand by the branches and the leaves.

Made eternal, the natural elements are then crafted by hand, providing a new sense of purpose to them - function following form.

Wood Marquetry & Turning

The natural element in Ginger & Jagger's aesthetic canon is embodied by the use of raw materials such as solid wood or the finest wood veneers.

The wood carved from Nature provides function to the natural form, while the inlay marquetry evokes the first rays of sunshine passing through naked tree branches.

A balance between the integrity of the materials, the artisanal techniques employed and the brand's very own narrative element is the quintessence of Ginger & Jagger.

Stone Carving & Stonemasonry

*The design is the template,
but each piece is imprinted with its own story.*

*From inception to completion, each Ginger & Jagger creation is unmatched in craftsmanship,
and absolutely unrepeatable.*

*Made from handpicked blocks of marble,
the designs become unique hand-carved sculptures with a functional element.*

Poetic designs, curated projects

Ginger & Jagger's designs can be seen all over the world. From apartments in Paris to homes in California, from five-star Hotels to award winning Restaurants.
