MEZZO

COLLECTION

"The details are not the details. They make the design"
Charles Eames.

MEZZO

COLLECTION

Golden years: brass, patterns, colors, lines, Mezzo Collection.

By blending modern aesthetics with vintage style, we are reinventing a modern approach to mid-century style. A glimpse into the mid-century without never leaving the present.

We start a modern journey through a bohemian lifestyle where each piece of design tells a story of an era. A path guided by luxury and exuberance that promises to create not spaces, but concepts and memories. Memories that keep the bohemian spirit in us alive.

Good design is timeless and makes us want to relive ancient times where we could combine everything and anything without looking silly. We are transported to family dinners, nights out in the town, the sunsets seen through the big windows of the living rooms, while we are involved by a total mid-century atmosphere.

Vibrantly patterned wallpapers plenty, velvets, tweed, checkered patterns, monochromatic looks from head to toe, colors ranging from yellow to red are back and they have never been so fashionable. Seems like you are on a movie of the 40s or 50s? No, you are taking a ticket on a trip to the golden years, and there's no going back.

This is our purpose. We are made of passion for design and mid-century modern style.

We will stand the test of time by creating a modern signature.

COLLECTIVE MEZZO

Collective Mezzo arises from the singular points of view of each designer and the spaces: the designs are conceived based on each interior creating an extension of those spaces.

The result is a series of designs that intend to explore the potential of each interior, bringing out the exuberance of a vibrant decade with multiple interpretations.

Collective Mezzo is for those who appreciate creativity and look for statement designs.
