## QUALITY & EXPERTISE

All our pieces are carefully crafted with Portuguese love and soul. We take in consideration and ensure the quality of our materials to give the customer premium pieces, imbued with a recognized Portuguese savoir-faire. From Portugal to the world.

The product design team have been passionately creating and producing a wide range of beautiful pieces. Our desire is to provide our clients versatile solutions that can fit their needs and desires.

We have a clear mindset of quality and service at the heart of everything, supported by our expertise in design and production. With the latest technology, traditional skills and production tools, we align our perfectionism to our client's vision.

## OUR KNOW-HOW, YOUR COMFORT

From the finest fabrics to the richest woods, we connect materials and textures to successfully achieve the ultimate comfort. After all, we have the expertise, but the design & comfort will be yours. Truly yours.

Engaging the senses, provoking emotions. Our design process focuses on the detail, the texture, deeply into the subconscious so that we can deliver unique moments.

## PACKAGING

All products are packed according to a high of quality, in order to ensure the integrity of the product, protecting them during transportation until the final delivery. In order to achieve this, we use good quality thick carton boxes, as well as polyethylene protections corners and plastic bags assuring thus a better packaging of our products.

## TERMS OF USE

All dimensions are expressed in centimeters. The wood finishings can be altered without prior notice, for technical reasons or due to production quality modifications. The colours and tones are merely indicative. The company reserves the right to eventual changes without notice.

A towel or waterproof cloth must be used on veneer tops to avoid responsibility for possible damages. The use of inexpensive hot pads or a trivet for hot dishes, pots and is always recommended.

Wipe the surface with a soft cloth slightly moistened with water. No aggressive and abrasive cleaners or cleaning solvents should be used on the surface of the tops.

X8 Solutions Group declines any responsibility for the damages that may result in the event of non-compliance of these recommendations.
